

Treasure Hunt - Instructions

To follow this trail you will need to find each poster -- each one is numbered.

To find the poster you must follow the clue on the left of your sheet. To prove you have found the poster you must then answer the riddle on the right of the sheet.

When you find the correct location you will see a pictorial puzzle which has a corresponding question. Write your answer on the space provided.

Write your name, address and contact details at the back of the page to enter the competition and maybe win the prize.
